Intensive Course / Niveau C1

Code EN 123.41 Di, 27.8.2024 bis Di, 10.12.2024
Dienstagabend

Trägerschaft Cambridge

Zielpublikum This intensive course is intended for students with a very good level of English which will enable them to take the Cambridge Advanced Certificate after a short, intensive period of preparation, as well as for students who have done a CAE course but have not passed the exam. The course is exam specific, although students are free to decide whether they want to take the exam or not.

Ausbildungskonzept Preparation for the Cambridge Advanced English examination. This exam corresponds to level C1 of the Common European Framework of Reference for Languages.

There will be a focus on the Cambridge examination question formats and strategies, and inspection and practice of past examination papers. Additionally, the course will continue the expansion of existing English language skills in speaking, listening comprehension, writing and reading. There will be some further work on vocabulary and knowledge of collocations as well as "grammar reminders". This course will be supported by our internet learning platform 'Moodle'.

The CAE certificate may be used as proof of the level of language necessary to work at a managerial or professional level, or follow a course of academic study at university level.

Our intensive course is ideal for students whose command of English is practically up to the level required for the exam and who need primarily exam-specific preparation. The intensive course focuses on exam skills (Reading, Writing, Listening, Use of English and Speaking) and on examination strategies. Grammar will be revised within a limited range according to the needs of the course participants. Participants will be provided with plenty of useful materials and are expected to work both in class and at home. They should spend around 3 hours per week on their homework. Please note that a more thorough revision of grammar and vocabulary is provided by our standard 2-semester exam preparation course (EN 120).

Voraussetzungen The minimum requirement is the previous attainment of Cambridge First Certificate (grade A or B pass) or an equivalent high level of English, both spoken and written.

For students who did not attend the 2-semester preparation course at our school within the last two years we require an entrance test which will be sent to them upon registration.

Prüfungsvorbereitung A mock exam is held shortly before the Cambridge Exam. It is optional for students, but we highly recommend taking it in order to be well-prepared for the conditions in the real Cambridge Exam.

Abschlussprüfung The intensive course starting in August prepares students already for the exam in December. The course starting in February prepares them already for the exam in June. Should students wish so, they can, however, enrol for any later exam dates.
