Zielpublikum CPE is for learners who have achieved a high level of language skills and are able to function effectively in almost any English-speaking context. Successful candidates at this level are approaching a standard of English similar to that of an educated native speaker.

Ausbildungskonzept You will read a wide variety of texts from different sources, including fiction and non-fiction books, journals, newspapers and magazines. Writing covers non-specialised text types; letters, articles, reports and reviews covering a wide range of topics for a given purpose and target reader. Homework: approx. 4-5 hours per week. A mock exam will be held on a Saturday during the course. In the first semester, pre-tests are held, which help the candidates to decide whether or not to enrol for the Cambridge exam.

Studying for CPE level English helps learners to improve their language skills and to learn to use them in a wide range of contexts. Many aspects of the course are based on realistic tasks. The CPE certificate demonstrates that learners have progressed beyond a good knowledge of vocabulary and grammar to a proficient use of the language. The course practises the skills tested in the CPE exam: Reading - Writing - Use of English - Listening - Speaking. This exam corresponds to level C2 of the Common European Framework of Reference for Languages. The course starting in September prepares for the exam in June. The course starting in February prepares for the exam in November/December.

Voraussetzungen Cambridge Advanced, BEC Higher or similar level

Grammar and vocabulary covered in this course will enable you to demonstrate the knowledge and control of the language system, at word, sentence and text level. Listening will be taken from a variety of text types including interviews, discussions, lectures and conversations with particular attention paid to speakers' attitudes and opinions. Prüfungsvorbereitung An optional mock exam is held shortly before the Cambridge Exam.
