Hard working students should be able to take the BEC Vantage exam after a short, intensive period of preparation. The course is exam specific, although students are free to decide whether they want to take the exam. **For students who have not attended the 2-semester preparation course at our school within the last two years, we require an entrance test which will be sent to them upon registration.**

Ausbildungskonzept Preparation for the BEC Vantage Examination which corresponds to level B2 of the Common European Framework of Reference for Languages. The exam takes place right after the course. For details about the exam such as dates, price and venue please check the link below (Prüfungsinformation 1).

To improve business reading and listening skills in exam tasks and to apply business vocabulary and grammar in a wide range of verbal communication tasks. Also to practise writing such as letters, emails, reports and proposals in relation to set exam business situations. A mock exam will be held on a Saturday during the course. This course will be supported by our internet platform 'Moodle'.

Voraussetzungen Our intensive course is ideal for students whose command of English and Business knowledge is practically up to the level required for the exam and who need primarily exam-specific preparation. The intensive course focuses on exam skills (Reading, Writing, Listening and Speaking) and on examination strategies. Grammar will be pointed out within a limited range according to the needs of the course. Course participants will be provided with plenty of useful materials and are expected to work both in class and at home. They should spend about 3 hours per week on their homework and study at home. Please note that a more thorough revision of grammar and vocabulary is provided by our standard 2-semester exam preparation course (EN 210), which is ideal for students right after their LAP.

Prüfungsvorbereitung An optional mock exam is held shortly before the Cambridge Exam.
